CONFIGURATION

ACCESSORIZE

Add shelves, rods, drawers, doors, baskets and more to customize the function of each cabinet.

FULL CABINETS

Use full cabinets for the ultimate built-in look. Full uprights with optional solid backs and toe kicks give closets a high-end feel with maximum functionality. Wall mount to keep the floor clear or floor mount for a true cabinet look.

HALF HANGING

Half cabinets are wall-mounted with no back and are the most economical way to organize closets. Great for hanging storage, they can be combined with full cabinets to create functionality and variety.

QUARTER HANGING

Quarter cabinets are wall-mounted with no back and help to organize long hang clothes like dresses and coats. Their simple configuration also makes them ideal for entry closets.
